# Belt Skimmer is a Traditional Favorite

- Steel, heavy-duty construction
- Removable, easy-to-clean oil collection tray
- Continuous-duty, fan-cooled motor
- Self-tensioning belt on fixed lower pulley (to 24")
- Hanging lower pulley design (36" and up)
- Dual wiper set with lifetime warranty
- One year warranty all other parts (except steel belts)
- Accessories shown below

*115v motors standard; 220v motors available by adding "E" to end of part number.
*Outboard motor shaft available for steel belt units by replacing the "S" in the part number with "Z".
*Longer reach units available in 1' increments by changing suffix of part number (-36, -48, -60, etc.)

Accessories	BGST4	Diverter, oil/water separator for pure oil discharge (raises unit by 2", please account for when selecting reach)
	BGX2	Lockjaw Mounting Clamp affixes skimmer to any 1/4" thick wall or barrel, making portability simple
	XETIMER	Timer, 24 hour, 3 settings per day, 110v plugs to any standard outlet
	XETIMER-GSBZ	Integrated Timer, 7 day, 2 hour interval settings, integrated within motor housing

To determine required reach, measure from mounting point to low fluid operating level
